Personal Statement

Graduated from the **University of Computer Studies, Yangon (UCSY)** in Myanmar and got a **Bachelor of Science in Computer Information and Technology (B.C.Sc)**. Experiences and knowledge obtained through university life and also via IT Business experiences in marketing management and software quality control. I got experience in web application area because I worked as a Junior developer for 8 months, then worked as a Senior developer for 1 year. Now, I'm working as a Team Leader at the same company **iKloudit Myanmar Office** (iKloudit is a Singapore Company), also called [Ever Crystal One-stop IT Solution](#). There, we have to write the web app projects, which were sold in our Singapore Head Office such as HR System, POS System, CMS and other E-commerce System etc.,

Then, i was joined [GMBF Group of Companies](#) (which was founded myanmar) as an IT **Manager**. In GMBF, i took the responsibility of project management, task management, mobile apps and web apps development like [Bus Ticket Booking system](#), [Coupon based marketing development system](#) etc. After 2 years later, I was moved to Singapore at Feb 2019 and joined as **Back-End Developer** in [Carpal Fleet](#). And also founded a freelance software company in Myanmar with a friend at 2017, called [Pro-X Software Solution](#). That also developing many software development services for many platforms.
