### **Summary**

My name is Zaw Myo. Graduated from the **University of Computer Studies, Yangon (UCSY)** in Myanmar and got a **Bachelor of Science in Computer Information and Technology (B.C.Sc)**. Experiences and knowledge obtained through university life and work experiences. After graduating from university, I have an interest in the web application area. That's why I worked as a **web developer** for over 1 year. Then, I was promoted as a Team Leader at the same company **iKloudit Myanmar Office** (iKloudit is a Singapore Company), locally called [Ever Crystal One-stop IT Solution](#). There, we have to write the web app projects, which were sold in our Singapore Head Office such as HR System, POS System, CMS and other E-commerce System etc.,.

Then after 3 years, I joined [GMBF Group of Companies](#) (which was founded in Myanmar) as an IT Manager. In GMBF, I took the responsibility of project management, task management, mobile apps and web apps development like Bus Ticket Booking system, Coupon based marketing development system etc. After 2 years later, I moved to Singapore at Feb 2019 and joined as **Back-End Developer** in [Carpal Fleet](#). And at the same time, I founded a freelance software company in Myanmar with a friend at 2017, called [Pro-X Software Solution](#). That also developing many software development services in Myanmar for many platforms.
