Summary

My name is Zaw Myo Latt.Graduated from the **University of Computer Studies, Yangon (UCSY)** in Myanmar and got a **Bachelor of Science in Computer Information and Technology (B.C.Sc)**.Experiences and knowledge obtained through university life and work experiences. After graduating from university, I have an interest in the web application area. That's why I worked as a **web developer** for over 1 year. Then, I was promoted as a Team Leader at the same company **iKloudit Myanmar Office** (**iKloudit** is a Singapore Company), locally called **Ever Crystal One-stop IT Solution**. There, we have to write the web app projects, which were sold in our Singapore Head Office such as HR System, POS System, CMS and other E-commerce System etc,.

Then after 3 years, I joined **GMBF Group of Companie**s (which was founded myanmar) as an IT Manager.In GMBF, i took the responsibility of project management, task management, mobile apps and web apps development like Bus Ticket Booking system,Coupon based marketing development system etc.After 2 years later, I moved to Singapore at 2019 and joined as **Back-End Developer** in **Carpal Fleet**. During the covid period, Carpal shutdown their business around June 2020, then I joined **GovTech(**Notarise**)** team and worked as a full stack developer there for 1 and half year. Then, I got an offer from Grab DigiBank Team around August 2022 and working as a Software Engineer, Backend till today.

Communication Skill

I worked together with the Singapore Marketing Team to communicate on Skype, since 2014 when I worked at ikloudit. And also in previous companies, I worked together with some foreign scrum master, product managing guys as remote. So, I am able to communicate effectively with a wide range of people, by showing interest and carefully listening to their needs. Strong presentation and demonstrating skills; Confident, articulate and professional speaking abilities.
